

AWHONN
PROMOTING THE HEALTH OF
WOMEN AND NEWBORNS

**FETAL HEART
MONITORING
PROGRAM**

Maintenance of Advanced Course Instructor Status

To maintain Advanced Course Instructors status, individuals must:

- maintain current AWHONN full membership at all times;
- achieve evaluation scores of at least 4.0 on all course components;
- teach a minimum of two Advanced Fetal Monitoring Courses within a two-year period (expectation is to teach a minimum of 25% of course content with each course);
- teach courses according to all AWHONN administrative procedures and guidelines

The following are requirements to maintain Instructor Status for those who teach both the Advanced and the Intermediate Fetal Monitoring Courses:

- maintain current AWHONN full membership at all times
- achieve evaluation scores of at least 4 on all course components;
- teach a minimum of one Intermediate and one Advanced Fetal Monitoring Course in a two- year period (expectation is to teach a minimum of 25% of each course);
- teach courses according to all AWHONN administrative procedures and guidelines.

Advanced Course Instructor are required to be knowledgeable about maternal physiologic changes of pregnancy related to intrapartum complications; fetal physiology; fetal arrhythmias; identification and management of complex fetal heart rate monitoring patterns and communication and risk management issues.
